

WFNMC Miniconference

Hamburg, July 23, 2016

Timetable

Time	Author	Title
9:00 am	Alexander Soifer, USA	The Colorado Mathematical Olympiad at 33
9:50 am	Jaroslav Švrček, Czech Republic	Five years of the CZE-POL-SVK junior MO
10:10 am	Robert Geretschläger, Austria	Problems on numbers with interesting digits (from the “Mathematical Duel” Bílovec – Chorzów – Graz – Přerov)
10:30 am	Romualdas Kašuba, Lithuania	Several numbers in one place or table – that might be interesting
10:50 am	Coffee Break	
11:20 am	Ali Rejali, Iran	Team Competitions versus Individualism at Mathematics Houses in Iran
11:40 am	Omar Colón-Reyes & Luis Cáceres, Puerto Rico	The Problem of the Week: a Successful Online Training Experience for Math Olympiad
12:00 pm	Sergey Dorichenko, Russia	Tournament of Towns and Kvantik magazine
12:20 pm	Lunch	
1:30 pm	María Falk de Losada, Colombia	Foundations of mathematics education as related to competitions
1:50 pm	Gabriela Gómez Pasquali, Paraguay	Impact of the Mathematic Olympiads in the Improvement of Mathematics Education in Paraguay
2:10 pm	Margo Kondratieva, Canada	Do teachers change when observing their students participating in a mathematics competition?
2:30 pm	Coffee Break	
3:00 pm	Iliana Tsvetkova, Bulgaria	Preparation of 5-7 grade students for mathematics competitions: area problems
3:20 pm	Henk van der Kooij, The Netherlands	International mathematical modeling challenge (IMMC)
3:40 pm	Petar Kenderov, Bulgaria	The online mathematical competition “Theme of the month”
4:00 pm	Adjourn
