WFNMC Mini-conference,
Shanghai, China
July 10th, 2021

Announcement and First Call for Papers

The World Federation of National Mathematics Competitions (WFNMC) is pleased to announce its next mini-conference, **now planned for July 10th, 2021** in Shanghai, China, the day before the registration for the 14-th International Congress of Mathematical Education (ICME-14). Note that this is the new date, rescheduled from the originally planned July 11th, 2020. Please mark this new date in your calendars.

You are cordially invited to submit a proposal for a talk to be presented at the mini-conference. Proposals should be approximately 50 to 100 words in length and include a title and the name and affiliation of the presenter. Please use Times New Roman, 12 pts, 1.5 spaces. The lengths of the talks will depend upon time available, but will likely be 20-30 minutes. No attendance fees for the mini-conference are currently planned.

The deadline for submissions is January 3rd, 2021, and the applicants will be notified by March 15th, 2021. **If you have already submitted a proposal for the postponed 2020 conference, there is no need to resubmit.** A brief communication would, however, be appreciated, confirming your intention to attend the conference in 2021.

Please send your proposals to both Robert Geretschläger (robert@rgeretschlaeger.com) and Kiril Bankov (kbankov@fmi.uni-sofia.bg) using the subject line “WFNMC mini conference proposal”.
